

## KLAG TIME (April 10)

### Good Friday – Why Did Jesus Have to Die?

No photos yet this week.... wait for Sunday!

This week **during church** you can colour or do a maze. There is also a mosaic cross (easy or harder) for you to colour and cut out, then glue it together – can you put it back together perfectly? Was it hard?

#### After the service:

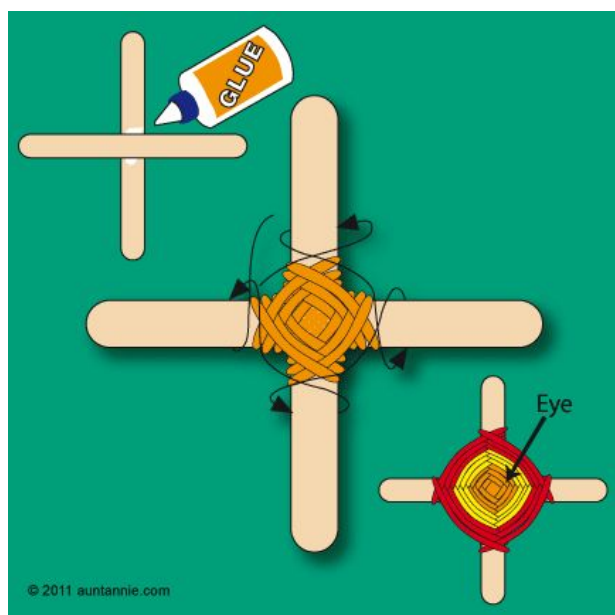

Check out the science experiments that give a little explanation as to why Jesus died on the cross.

- Skittles  
You will need a packet of skittles, some cold water and a plate.
- Candle under glass  
You will need a plate, candle, matches, jar and coloured water.

#### Activities

Finish Mosaic crosses.. (You could cut around your finished cross and add it to cardboard)

**Weaving** – You can use sticks if you don't have paddle pop sticks ..
